PROLED A®

LED LIGHTING FIXTURES | LIGHTING SOLUTIONS

www.karinaenerji.com

ABOUT COMPANY

- Our company Karina Enerji, which operates in the LED Lighting and Energy Sectors, was established in 2011 in Izmir.
- We produce Led Lighting Fixtures under the brand of PROLEDA in our factory in Çiğli, Izmir.
- We offer solutions to global needs by producing innovative, functional and high quality products with modern designs.
- We always see it as our priority to take the PROLEDA brand one step further with our R&D team, which constantly offers innovative approaches to its product portfolio.
- Our luminaires provide optimum illumination with their unique mold designs, electronic cards equipped with high efficiency LEDs, optical lens options and homogeneous light distribution

FACTORY

3000M²

50-100

employees

ISO 9001
ISO 45001
